State Route 128 Geyserville Bridge Project Set to Begin

Geyserville - The California Department of Transportation (Caltrans) will begin a construction project on the Geyserville Bridge on State Highway 128 this coming Monday. The project will begin Monday morning, August 13 and is scheduled to finish Tuesday, October 30, 2012. The working hours will be from 7:00 a.m. to 4:00 p.m, Monday through Friday.

During work hours, one-way traffic control will be in effect. The traffic control will be managed with flag crews on both sides. There will also be a flagger on standby during school hours to assist pedestrians through the construction zone. Detour signs will be posted to assist motorists during closures.

Workers will build a retaining wall on the northern end of the Geyserville Bridge. The wall will help reduce erosion and prevent damage to the roadway.

Please drive cautiously and slow for the cone zone. Caltrans appreciates your patience as we improve California's highways.
